

FAQ (Frequently asked questions)

1. Where can I download it?

The app is still in development. Once it is complete it will be easily accessible both on Google Play and Apple Store.

2. When will it be launched?

The exact date is yet to be announced. If you want to be notified, please subscribe.

3. Will it be free?

Yes, the app will be free to use. However, some exclusive features might require a premium account.

4. Are the bottles physical?

No. A Bottle is just a virtual post, which instead of an online feed, gets posted on a current geographic location of its creator. It can only be opened by other users who visit the same location.

5. How long do the bottles stay visible?

The Bottles stay visible indefinitely unless their creator decides to delete them or delete his/her account.

6. Who can open the bottles?

Any user on the same location (radius of 50 meters).

7. What happens to the Bottles once opened?

They remain there for next users to find.
